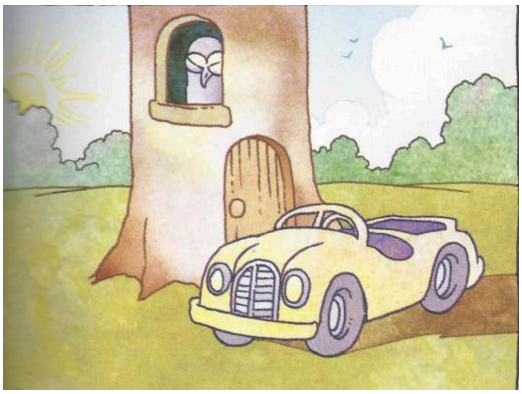
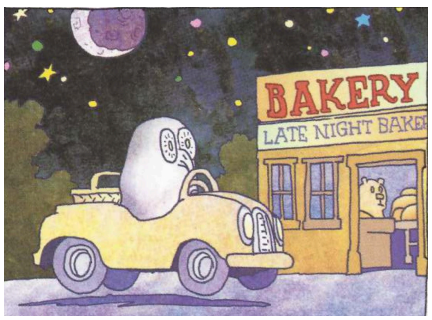
The Adventures Of Owlcules pt.1

Yawn (can owls yawn? idk). “Hello dear reader, I know you have surely heard of me. It is I, Owlcules, The great one, The son of Zeus himself, the better half-brother compared to Hercules.” said Owlcules. “Oh, I got carried away by my beautiful self. Now I need to go check my fridge cuz THIS demi-god owl is HUNGRY.” *Walks to the fridge*. *Gasps*. “All my food is gone!” “As my demi-god duty I need to go on a quest... For FOOD!!!” “Lemme go get my Pegasus-Mobile.” “It’s a Pegasus transformed as a car, it was a gift from dad."

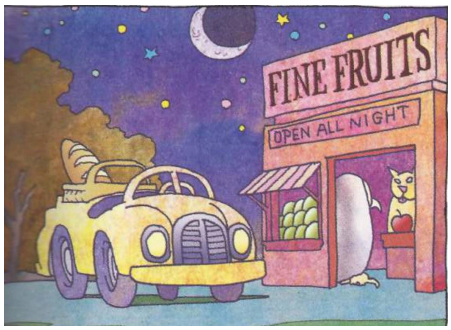


“UGHHH.” “Why did Pegasus HAVE to be listening to Taylor Swift.” “I HATE Taylor Swift, back in Ancient Greece I used to listen to Apollo HIMSELF play his personal lyre.” “NOT Taylor Swift.” “Oh! I almost missed The Bakery.” “Oh no... it’s Callisto the bear,

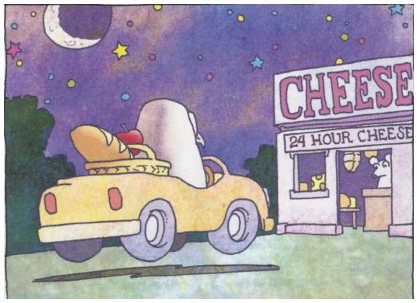


Zeus turned her into a bear so she gets pretty mad with the sons of Zeus." "I better sneak in and only steal-uh I mean 'buy' bread.

"Guess what, I got bread... but I also got a cake, a muffin, some pies, 12 boxes of donuts, croissants, and some freshly baked cookies." "Oh no, it's Karen the Kat, not CAT, but KAT. Kats are big, scary, no-handed, fruit-addicted, grumpy cats." "I just need to sneak into FINE FRUITS to get an apple ..., oh there's one right on the counter. Except that horrendous, pesky feline is in my way."

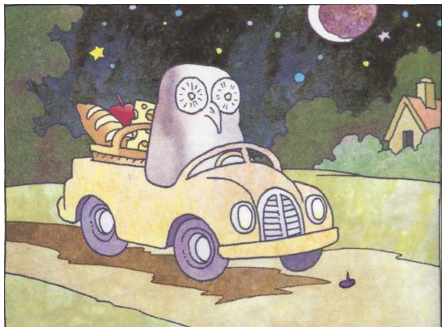


"I finally got my apple, but now I have scratch marks on my face, OUCH!" "Finally, this quest is almost over and—CHEESE, the best store that sells... guess what... cheese." "Can you believe it, the only 24hr cheese shop in town run by Remy himself, THE Remy, from Ratatouille." "The only nice person in this quest so far, AND he always gives me a 50% discount so ima just get myself some cheese." " I'm crying right now." (can owls cry?) "Turns out Remy wasn't Remy from Ratatouille, he's just some random dude named Remy" "And to make things worse, when i was



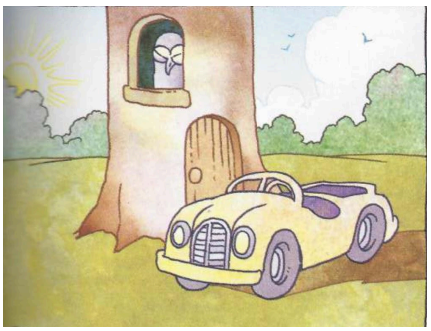
disappointed that he lied to me he dropped my discount."

" My eyes are puffy from crying too much, but then pegasus spoke." (Can pegasi speak?, so many questions but too little answers). "He was talking about how he wasn't gonna be with me because he's going to a Taylor Swift concert." "He chose Taylor Swift over me." Owlcules cried some more, but when he was crying and pegasus was yapping pegasus stepped on a tack. "OUCH" Pegasus cried. Owlcules felt somewhat pleased because if Pegasus was injured he'd miss the Taylor Swift concert. Although this joy did not last because he didn't have



a way to get home "waaaaaaaaaaaahhhhhhhhh" Pegasus whined. "SHUT UP Pegasus" Owlcules snapped. "Ima need to push you because you can't walk/drive." " You should have watched where you were going." "Also you chose Taylor Swift over ME, not cool man." And so Owlcules pushed Pegasus all the way home.

"Yawn" (The answer to my first question is yes, owls can yawn). " I'm getting a little sleepy." " I have good news and bad news." "Good news is I completed my quest, bad news is I got fatter from all those baked goods I ate." "At least



Pegasus won't be gone, I should probably fix his tyre but I can wait for tomorrow for a new quest."

"The Adventures Of Owlcules Pt.2"

"But for now good night—er I mean day." And then the great Owlcules fell asleep for his NEXT adventure.
